

CUT THE STRINGS is the true story of a mother who experienced the agony of watching her daughter walk away from everything right and good, ending up in a life of degradation and shame while each of them lived in their own reality. It is also the story of a daughters desperate search for a life of fulfillment and acceptance who found herself instead chained in a prison of emptiness, addictions and despair. Best of all, it is a story about GOD, the one who relentlessly pursued a willful young woman, protected her life, and sustained a family through it all. Co-authored by Sharon and her daughter, Amy, CUT THE STRINGS offers a life line of encouragement and hope to parents who are heartbroken and hurting over their wayward and rebellious children. Cut the Strings, in my judgment, is a must read... And for those in the middle of the heartbreak currently, Cut the Strings will give a vital How to cope and how to overcome plan. -David Mainse, founder of Crossroads Christian Communications Inc. & Crossroads Television System (CTS) Sharon Cavers is a freelance writer, the designer and author of Garden Path Inspirations Greeting Cards, and an avid gardener. In 1992, she founded The Writers Crucible, a critique group designed to offer help, encouragement and support for Christian writers in the Peterborough area. Sharon and her husband, Bill, enjoy spending time with their three grandchildren. Amy Jackson has been involved with Peterborough Pregnancy Support services, Post Abortive Recovery Education, and the gamma Girls program. She and her husband, Stephen, have been married three years and live in Peterborough, Ontario.

are punchy and effervescent, and the dizzying synth lines of Black Crystal are a lot of fun. But these flashes of inspiration on Cut The Strings throw into relief the more standard cuts that surround them. Booka Shade remain capable of making good music, but, as Cut The Strings shows, consistency still eludes them. As veteran German duo, Booka Shade, return with their brand-new long player, 'Cut the Strings', The Waveform Transmitter's Simon Huxtable.
