

Excerpt from John Winthrop: First Governor of the Massachusetts Colony Readers of this little book will considerably bear in mind that it aims to be a biography, and not a history. John Winthrop was indeed so generally identified with the public occurrences and events of his day in the Massachusetts Colony that there are few of them of which any sketch of his career does not require at least a mention. The proportion of notice they receive is, according to our design, and as will be seen in numerous instances, ruled not by their importance in relation to the Colony, but by their importance in relation to him. And even so, with much that is memorable in the annals of Winthrops time put mostly to one side, various historic passages that no memoir of him could pass by have, by reason of our prescribed limits, been denied the ampler exhibition for which they pleaded, and which under other circumstances they would claim. For aid in his work the writer is beholden to more sources than he can undertake to set down. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
