

If PC Gareth Bell had been any closer to the attack on his friend and colleague Jimmy Holdsworth, it would have been him at the receiving end of the knife... With hard evidence and highly credible witnesses, it seemed certain that Quentin Davey – a notorious Brighton drug dealer and borderline psychopath – would be sent down for stabbing and nearly killing a police officer. But within minutes of giving evidence in court, this watertight case comes crashing down and Davey walks free. Someone has tampered with the evidence, and though difficult to accept, it had to be someone Gareth knew and worked with. To make matters worse, as the last person seen to handle the evidence, Gareth becomes prime suspect and is placed on restricted duties pending investigation. Unable to accept this, and against his better judgement, Gareth decides to take matters into his own hands. An incident at a petrol station offers him a lead he can't ignore, which brings him closer to Davey's operation and a whole load of trouble. Gareth tries to continue working as normal, but finds it increasingly difficult to conceal his own not-so-above-board investigations and fears for what will happen to his policing career should his superiors find out. Things take a turn for the worse when Davey has Jimmy kidnapped and held for a ransom that only Gareth can pay. How can Gareth rescue Jimmy without anyone discovering what he's been up to? Which of his trusted workmates is leaking vital information and keeping Davey ahead of the game? This is a follow that Gareth will have to face alone! The Follow is a fast-paced police thriller that will have you on the edge of your seat from start to finish. Despite the surname, Paul Grzegorzek hails from Sussex where he has lived all his life. He was born in Shoreham-by-Sea, within spitting distance of Brighton, a city he's called home since the mid-1990s. Paul spent 6 years as a police officer, before he went on to join Divisional Intelligence Unit and worked on undercover drug operations, as well as dealing with vehicle crime for the city and anything else that caught his eye. Paul eventually left the police and decided to swap a life of solving crimes, for a career writing about them. Endeavour Press is the UK's leading independent digital publisher.
